Services not included in the price list are valued according to the mechanic's man-hours (270 PLN/h). The costs of the parts used during the repair are not included in the price list. Before starting the service,

We inform the client about its approximate cost. We replace parts below 40 PLN without consulting the customer.

In the service, we only use professional technical fluids, lubricants and tools recommended by component manufacturers.

The offer and the prices quoted are for information purposes only and do not constitute an offer within the meaning of Art. 66 paragraph 1 of the Civil Code. Wygodny Rower reserves the right to change prices and those described on this service page. These changes are then binding.
